

Ideation Phase

Brainstorm & Idea Prioritization Template

Date	31 June 2025
Team Members	Mangalagiri Tejaswi — Team Lead Putta Harshitha — Member Deva Charmi Kondapalli — Member Mohammad Sabir Baig— Member Orchu Likhitha — Member
Project Name	Cab Booking
Maximum Marks	4 Marks

Step 1: Team Gathering, Collaboration and Select the Problem Statement

The team gathered to discuss common transportation challenges faced by passengers and cab service providers. After brainstorming different ideas, the team selected the following problem statement:

"Users often face difficulty in booking cabs quickly, checking cab availability, and managing ride details, while administrators need an efficient system to manage users, bookings, and overall platform operations."

Team Members involved:

Mangalagiri Tejaswi — Team Lead

Putta Harshitha — Member

Deva Charmi Kondapalli — Member

Mohammad Sabir Baig— Member

Orchu Likhitha — Member

Step 2: Brainstorm, Idea Listing and Grouping

Raw ideas generated during the session were grouped into functional clusters:

Category	Ideas Generated
Cab Booking	Book Cab, Select Pickup & Drop Location, Ride Confirmation
Ride Management	Real-time appointment scheduling; calendar-based slot selection; reschedule/cancel appointments; automated confirmations
Cab Management	User Management, Booking Management, Cab Management
Administration	Doctor registration approval workflow; platform monitoring; user management
Vehicle Details	View Booking History, Cancel Booking, Manage Ride Details
Notifications	View Available Cabs, Driver Information, Vehicle Details

Step 3: Idea Prioritization

Ideas were prioritized based on impact to the end user versus implementation effort:

Idea	Impact	Effort	Priority
Effort	High	Medium	High
Priority	High	Low	High
Profit	High	High	High
Login	Medium	Medium	Medium
User-friendly	Medium	Medium	Medium
Management	Medium	Low	Low
